CAMPINGAZ®

The power to be free®

Outdoor inspiration

brought to you by Campingaz®

The flavour of food cooked outdoors. A chilled glass of wine as the sun goes down. The warm glow of evenings by lantern light. These are the moments, the memories and the feelings that inspire us at Campingaz®, and have done for the past 60 years.

3 Barbeque
30 Garden and DIY
40 Stoves and lanterns

First we caught dinner...

Best family weekend we've had for ages!

The simple pleasures are the best.

64 Home from home
70 Coolers

In 1949 Campingaz® was born out of an inspirational idea on a camping trip. Since then we've enhanced people's experience of the outdoors through exceptionally practical, convenient and stylish products. We continue to innovate and inspire with versatile products that suit the back garden, the beach, the campsite or wherever our adventurous spirit takes us. All our products are designed with one aim in mind: to make outdoor freedom accessible to everyone.

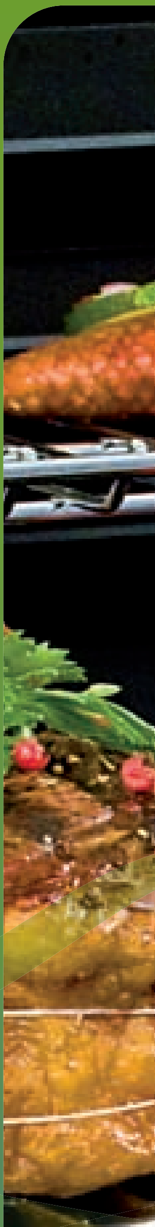
Today we still believe in that combination of practicality and inspiration – giving people the tools to enjoy the outdoor life, whether in their own back garden, on a beach or camping far from home. We continue to innovate because we know there are always smarter ways to do things, but we retain the classic solutions people know and love.

Even though the tools we use may change, the essence stays the same. All our products are designed with one aim in mind: to make freedom accessible to everyone.

...then we cooked it

Then we talked late into the night

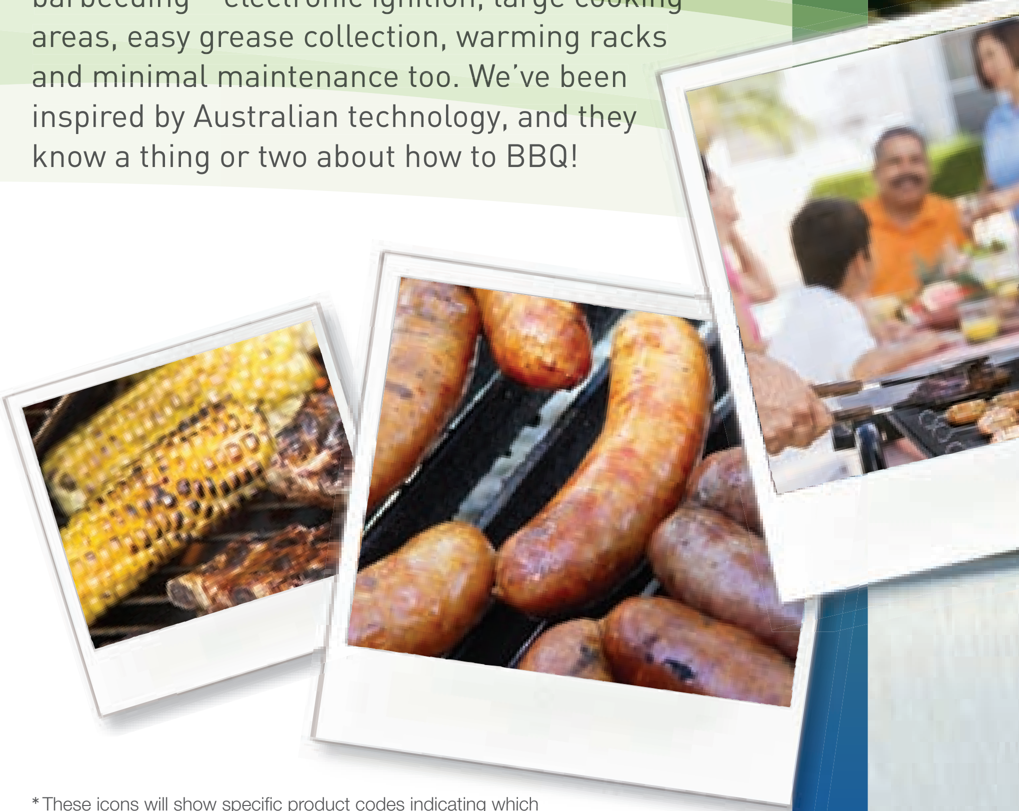
CAMPINGAZ®



It always tastes better outdoors

No smoke, no sweat. Our range of gas barbecues makes outdoor entertaining a breeze.

We've covered everything you need for easy barbecuing – electronic ignition, large cooking areas, easy grease collection, warming racks and minimal maintenance too. We've been inspired by Australian technology, and they know a thing or two about how to BBQ!



Unique and innovative features in this section:

PerfectFlow™ system gives constant gas flow through life of cartridge.

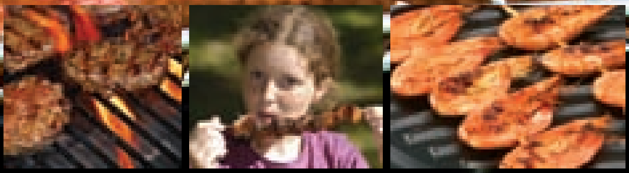
Cylinder runs from either Butane or Propane gas.

***Valve cartridge** can be connected and disconnected whenever you like – ideal for frequent short usage.

***Refillable cylinder** bigger capacity so ideal for intensive or prolonged use, but heavier so less portable.

* These icons will show specific product codes indicating which cartridges or cylinders to use. Please see page 60 for more details.

Our top 3 barbie favourites



1. Home made burgers with lots of fresh herbs
2. Sticky pork kebabs – sweet and irresistible
3. Shell-on barbecued prawns with garlic and lemon juice

C-Line range

No more out of control flare-ups. No more smoke. No more burnt offerings for your friends and family. Our top of the range C-Line barbecues use the unique RBS cooking system to give better control, fast cooking, and beautifully barbecued food every time.

Range features

- Improved RBS technology with removable heat reflector
- Side tables with hooks
- Lid with heat indicator
- Articulated warming rack
- Removable grease collector and grease drawer (accept standard drip pans)
- Electronic ignition
- Cast iron cooking grids

Cooking area

2450cm²

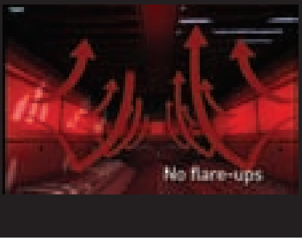
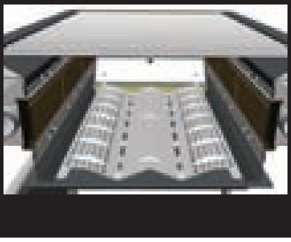
How the RBS system works

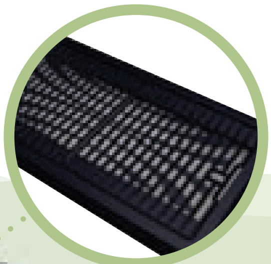
The Radiant Burner System places the burners to the side rather than below.
It's a simple but radical idea that means the juices and grease from cooking don't land on the flames.



This allows grilling, spit-roasting or oven cooking with the lid closed. Better control and fast cooking. The heat reflector ensures consistent heat within the cooking area.



Lid and control cooking window



Enamelled cast iron grids

Side burner 2.3kW

Make long evenings longer

Extend those warm lazy days into entertaining evenings, with our efficient and economical patio heaters.

And if your outside space isn't fit to be seen, we've got the tools you need to give it a facelift. From high powered burners through to blowtorches for more precision tasks, our range will make light work of even the toughest jobs, inside or out.

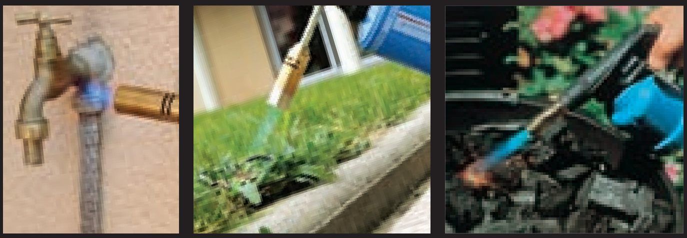
Unique and innovative features in this section:

- **Quick & Easy™** fast assembly system.
- **Easy-Clic™ Plus** simple method for attaching valve cartridge.
- **Piezo** ignition system using spring-loaded hammer strike a spark.
- **Cylinder** runs from either Butane or Propane gas.
- ***Pierceable cartridge** most economical and widely available option, but can only be disconnected when empty.
- ***Valve cartridge** can be connected and disconnected whenever you like – ideal for frequent short usage.
- ***Refillable cylinder** bigger capacity so ideal for intensive or prolonged use, but heavier so less portable.

* These icons will show specific product codes indicating which cartridges or cylinders to use. Please see page 60 for more details.

DIY tools

From plumbing to lighting fires, plenty of jobs in the home and garden are far easier with a blowlamp or blowtorch.



Al fresco dining

Garden furniture covers

Wooden garden furniture will grow mould and start to rot if left outside unprotected. Our PVC covers are resistant to sun, heat, rain and cold, and are kitted out with eyelets and ropes to wrap your garden furniture up neatly.

When it's sunny, it's glorious...

Premium covers

These covers don't just keep the rain out, they force condensation out too, using our waterproof, breathable technology. Combine that with an exclusive storage folding system, and you've got a compact, unobtrusive and highly effective range of covers.

Premium rectangular/oval dining set cover

- Dimensions: H100 x L220 x W110cm
- Textile quality: PU-coated polyester 300x300D

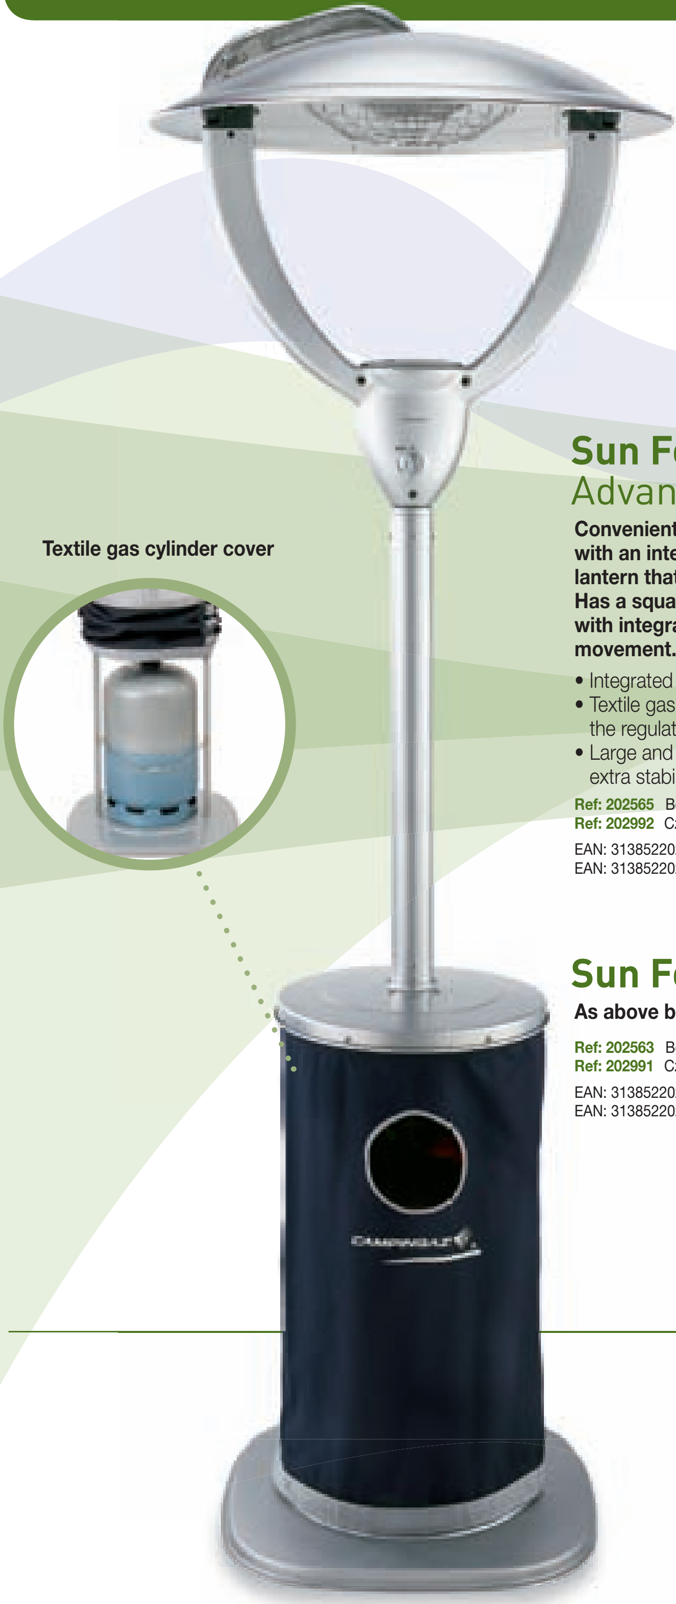
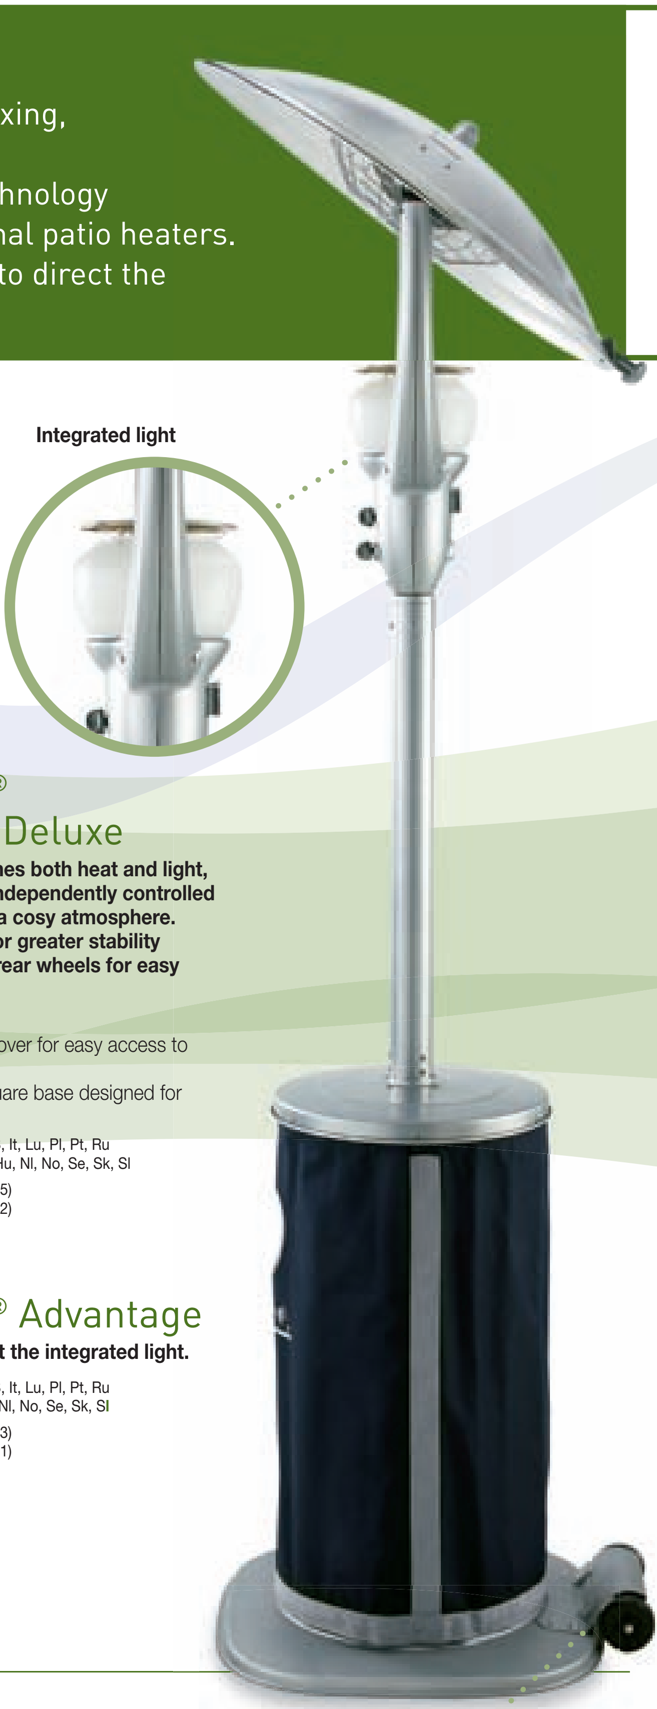
Even the patio heater gets a cover... see overleaf...

Patio heaters

Spend long evenings sitting outside talking and relaxing, basking in the warmth of one of our patio heaters.
Our exclusive Sun Force® Radiant Power burner technology achieves twice the run-time compared with traditional patio heaters. They also incorporate a pivoting head, allowing you to direct the heat where it's needed.



Textile gas cylinder cover



Integrated light

Sun Force® Advantage Deluxe

Conveniently combines both heat and light, with an integrated, independently controlled lantern that creates a cosy atmosphere. Has a square base for greater stability with integrated two rear wheels for easy movement.

- Integrated light
- Textile gas cylinder cover for easy access to the regulator
- Large and sturdy square base designed for extra stability

PERFECTFLOW SYSTEM

Easy Clic PLUS

CV470 PLUS

5 o'clock in the morning wasn't so bad after all!

Hot food, warm light, cool view

Whether you're on the side of a mountain or out on a family trip, we've got everything you need for a meal on the go.

Travel light or make more of a meal of it with a wide range of stoves and lanterns to suit every requirement, all supported by our globally available range of gas cartridges or cylinders. Whichever you choose, you can be sure that they're reliable, safe and practical.

Unique and innovative features in this section:

Quick & Easy™ fast assembly system.

Easy-Clic™ **Plus** simple method for attaching valve cartridge.

Piezo ignition system using spring-loaded hammer strike a spark.

Clip & Go™ easy cartridge connection system.

PerfectFlow™ **system** gives constant gas flow through life of cartridge.

Cylinder runs from either Butane or Propane gas.

***Pierceable cartridge** most economical and widely available option, but can only be disconnected when empty.

***Valve cartridge** can be connected and disconnected whenever you like – ideal for frequent short usage.

***Refillable cylinder** bigger capacity so ideal for intensive or prolonged use, but heavier so less portable.

* These icons will show specific product codes indicating which cartridges or cylinders to use. Please see page 60 for more details.

Candlelit supper for two!

Camping Chef® range

A classic stove and grill combination for outdoor cooking. You can have tea, toast and a cooked breakfast all on the go at the same time, or prepare a big family meal. Our new model even has legs, making it more comfortable to use and providing additional storage.

Range features

- Power: Stove = 2x 2300 watt; Grill = 1100 watt
- Gas outflow: Stove = 2x 170g/h; Grill = 80g/h
- Boil time: 6min 30sec (1 litre)
- Runtime: Stove and Grill → 6h 30min; Stove → 8h on R907
- Multi-functional stove and grill (toasts)
- Operating off Campingaz® and others' Butane cylinders

BUT/PROP R 904 R 907

EAN: 3138520271277

The right stove...

Make sure you choose the right stove for your needs.

1. Cartridge or cylinder? Cylinder stoves are designed to run for much longer and give greater power for intensive use. The refillable cylinders they use are heavy, so not very practical if you're going hiking. For portability a cartridge stove is the way forward, but do you need one or two burners?

2. Single or multi-burner? A single-burner stove will be lighter and more compact but means you'll only be able to cook one thing at a time. Two burner stoves will give you more options for your cooking but are heavier.

3. Burner and grill? Ask yourself what kind of cooking you'll do. If it's mainly making a cup of tea or heating baked beans, one burner may be enough. If you want to cook a full breakfast, consider a burner and grill combination.

Anywhere, anytime...

Thank Campingaz for Clip & Go™ cartridges!

This stove has been fine-tuned for improved performance, with new angled supports and the Easy-Clic® Plus connection.

- Power: 1300 watt
- Boil time: 5min 30sec (1 litre)
- Runtime: > 2h 30min on CV270 Plus
  > 2h 40min on CV300 Plus
  > 5h on CV470 Plus
- Weight: 165g

Ref: 204183 At, Ch, De, Sp, Fr, It, Gr, Pt, Tr, LA, Au, Sa, Mea

EAN: 3138522041830

Bivouac®

The 4 large integrated legs that are detachable for compact storage. Wide pan support for increased stability on the cooking area. Includes an attractive textile carry bag.

- Power: 2600 watt
- Gas outflow: 190g/h
- Boil time: 3min 10sec (1 litre)
- Runtime: > 1h 15min on CV300 Plus
  > 2h 20min on CV470 Plus
- Weight: 950g

Ref: 203044 At, Be, Ch, Dk, Ge, Sp, Fi, Fr, GB, Gr, Ie, It, Lu, Nl, No, Se, Pt

EAN: 3138522030445

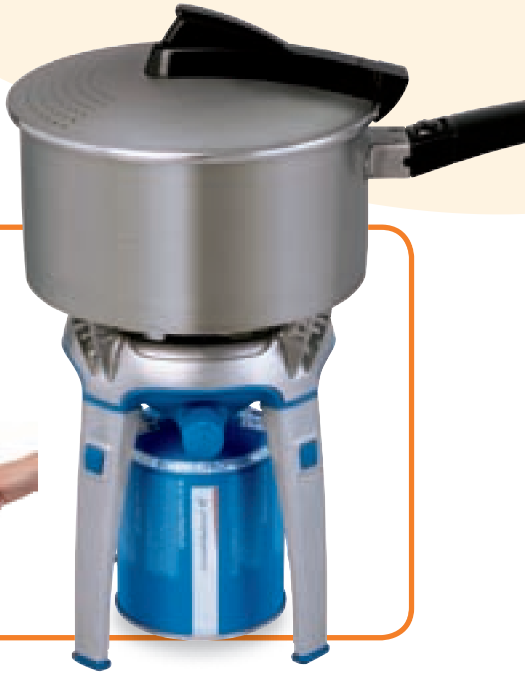
Bivouac® Kit

Features a Bivouac® stove and its dedicated pot that doubles up into a storage vessel for the stove.

- The pot features a lid that can be used as a strainer and a detachable Bakelite plastic handle
- Carry bag included
- Weight: 2450g

Ref: 203045 At, Be, Ch, Dk, Ge, Sp, Fi, Fr, GB, Gr, Ie, It, Lu, Nl, No, Se, Pt

EAN: 3138522030452



Cooking accessories

Ingeniously compact, stackable and light, our cooking accessories offer the choice of non-stick, stainless steel or aluminium, and range from 9-piece to a single pot, fry pan or kettle.

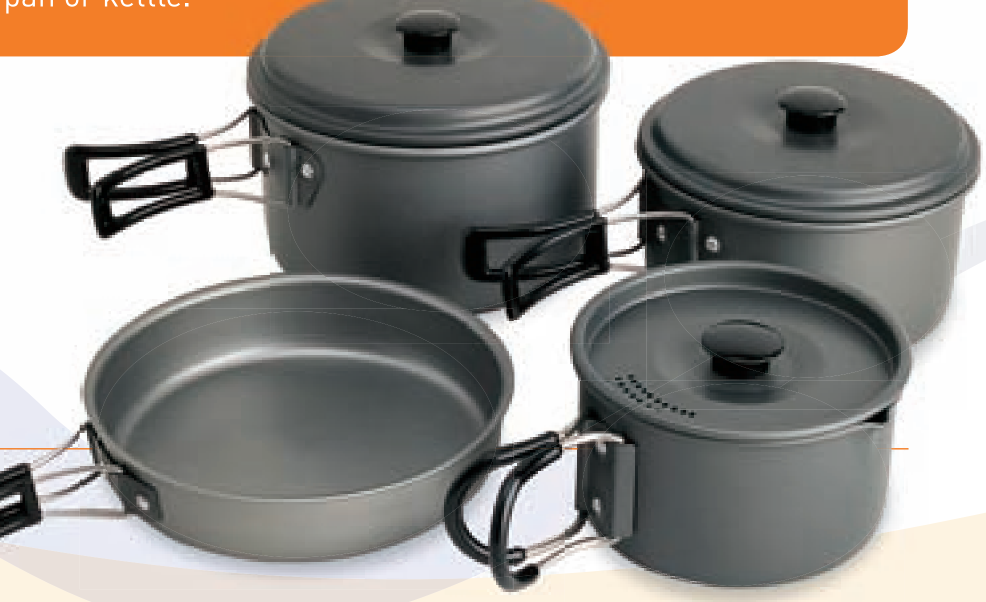
Trekking Kit 8 Pieces Hard Anodised Aluminium

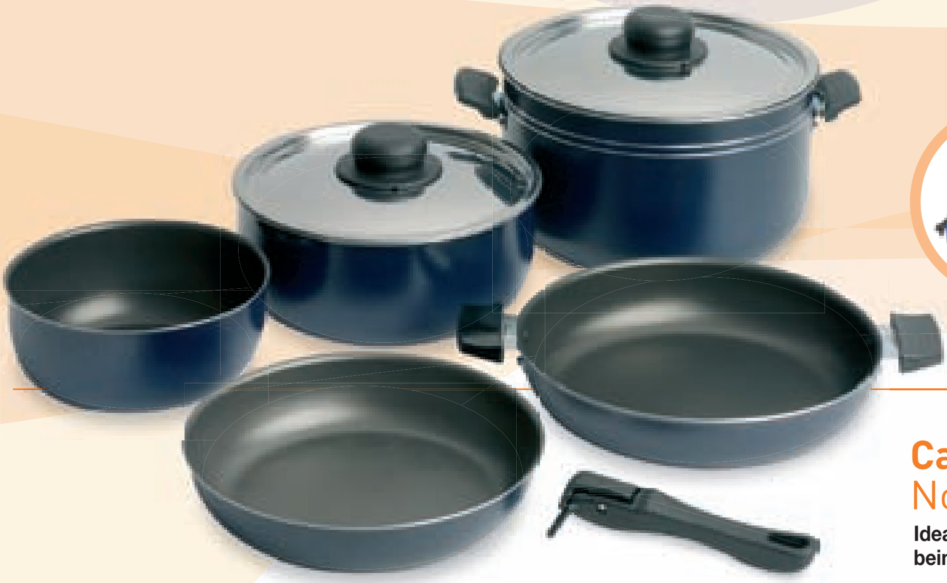
For increased abrasion and corrosion resistance. Carry bag included.

- 3 pots Ø 18, 16 and 13cm
- 3 lids Ø 19, 17 and 14cm
- 1 pan Ø 18 cm
- Kit packed: H19 x L13cm
- Weight: 970g

Ref: 202030

EAN: 3138522020309





Carry bag included

Camping Cook Set 9 Pieces Non Stick Coated

Ideal for families or larger groups where kit isn't being carried.

- 2 lids Ø 23 and 21cm
- 3 pots Ø 22, 20 and 14cm
- 2 pans Ø 22 and 20cm
- 1 universal handle
- Carry bag included
- Kit packed: H29 x L16cm
- Weight: 1.95kg

Ref: 202025

EAN: 3138522020255

Stove accessories...

Rubber Tubing

For stoves operating at low pressure (butane 28 mbar, propane 37 mbar). Not suitable for use with natural gas. Supplied with 2 connector collars.

Complies with XP D 36-110 – France only.

Ref: 202671 Fr
Ref: 202671 Be, Nl, Pt

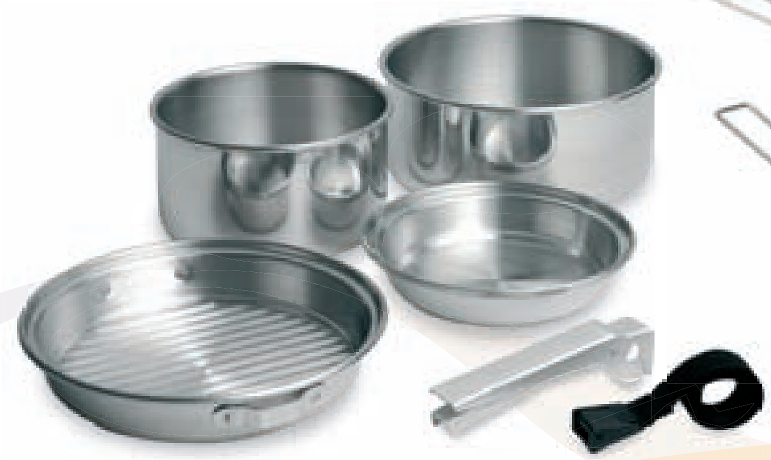
EAN: 3138522026714

Regulator Tap Butane 28Mbar 1300g/h

Enables low pressure appliances, e.g. Party Grill® LP range or Lagon™ stove, to operate off Campingaz® refillable cylinders. Excess flow cut-off device. Simply screws onto the cylinder (R901, R904 or R907).

Ref: 202191 Be, GB, It, Lx, Nl, Pt

EAN: 3138522021917



Trekking Kit 5 Pieces Aluminium

Aluminium basic trekking kit, a lightweight and compact piece of kit.

- 2 pots Ø 17cm and 14cm
- 1 pan Ø 18cm
- 1 lid Ø 16cm
- 1 handle
- 1 strap

An amazing sunset... our lantern helped us find our way home

PerfectFlow System

Provides a consistent flow of gas throughout the life of the cartridge, even when gas is running low or in difficult atmospheric conditions – so the light stays bright and steady.

Clip & Go™

An exclusive Campingaz® system for securely connecting lanterns and other appliances to pierceable cartridges.

Pierceable cartridge lanterns

Lanterns that operate off pierceable cartridges are an economical single-use option – the cartridges can't be disconnected although the lantern can be turned off and on.

Features

- Globe protection guard
- Integrated hanging handle
- Power: 80 watt
- Runtime: → 5h

C 206

Floating on air

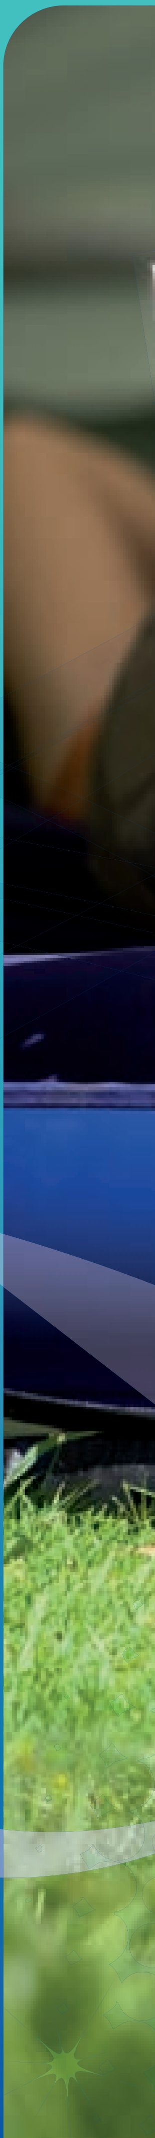
A beautiful location is even better after a good night's sleep.

Our airbeds are light but tough and come in a range of sizes to suit all situations. Our 'Airtight® system' means that they're not only comfortable, they're also guaranteed leak free, so you won't be let down in the night. And, for when nature calls, we also have a choice of hygienic and practical solutions.

Airtight®
SYSTEM
GUARANTEED NOT TO LEAK

Our unique Airtight® system

- Double Lock™ Valve technology with two sealing points guaranteeing a leak free product
- Enables quick inflation and deflation using Campingaz® pumps
- Features on all Campingaz® airbeds



No place like it...
03-08
CAMPINGAZ
CAMPINGAZ

Airbeds

In traditional Campingaz® blue, our airbeds are soft to the touch but tough and resilient, and can be used indoors or outdoors for a comfortable nights sleep.

There's nothing quite
like sleeping outdoors

X'tra Quickbed™ Airbed

If you're tall, here's a solution to the frustration of trying to sleep with your feet hanging off the end of your mattress – an extra-long version of our Quickbed™ airbed.

- Dimensions:
  L198 x W137 x H19cm (Double)
  L198 x W74 x H19cm (Single)
- Weight: 3.3kg (Double); 1.75kg (Single)

Ref: 203264 Double EAN: 3138522032647
Ref: 203265 Single EAN: 3138522032654

Quickbed™ Airbed

A flocked inflatable mattress, fitted with the Airtight® system for a leak-free and more resilient bed.

- Dimensions:
  L188 x W137 x H19cm (Double)
  L188 x W74 x H19cm (Single)
- Weight: 2.9kg (Double); 1.6kg (Single)

Ref: 69191 Double EAN: 3138520691914
Ref: 69192 Single EAN: 3138520691921

Quickbed™ Plus Airbed

As per Quickbed™ but without flocked top and with a polycotton sheet.

NEW

- Dimensions:
  L188 x W137 x H19cm (Double)
  L188 x W74 x H19cm (Single)
- Weight: 3.3kg (Double); 1.8kg (Single)

Ref: 204565 Double EAN: 3138522045654
Ref: 204564 Single EAN: 3138522045647

Quickbed™ Be-Leaf Airbed

As per Quickbed™ Airbed but comes in an alternative two-colour design.

- Phthalate free
- Dimensions:
  L188 x W137 x H19cm (Double)
  L188 x W74 x H19cm (Single)
- Weight: 3.4kg (Double); 1.9kg (Single)

NEW

Air pumps

- 2 separate functions: inflates and deflates
- Carry bag included
- Adapter nozzle

Rechargeable Quickpump™ Air pump

An extra powerful electric pump for faster inflation (and deflation), with a rechargeable power unit.

- Charger 230Vac included
- Hose included
- Additional independent adapter included to use pump without hose
- Also includes pinch valve adapter
- Runtime: 30min (fully charged)
- Airflow: 600 litres per minute
- Head pressure: 39mbar
- Weight: 1.7kg

Ref: 204474
EAN: 3138522044749

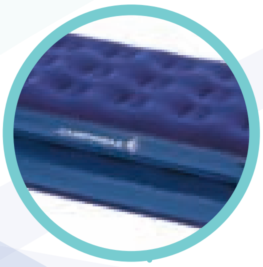
Range features

- Airtight® system: Double Lock™ valve locks in air two ways
- Durable PVC
- Internal coil structure
- PVC thickness: Single: 0.33mm Double: 0.35mm Flocked PVC on the top: Single: 0.53mm Double: 0.55mm
- Repair kit included

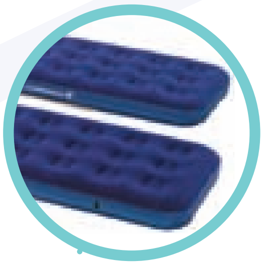
All of our airbeds have an internal coil structure, ensures firmness and comfort all night long

Easy-to-access storage space under the pillow

Fold the double bed over and clip it together as an extremely comfortable double-height single mattress



Also for use as two singles



Zip it together into a double bed

Convertible Quickbed™ Airbed

An amazingly versatile solution for camping or for guests at home.

- Snap 'N' Stay™ feature for attaching together
- Dimensions: 2x L188 x W74 x H19cm
- Weight: 3.3kg

Ref: 202529 EAN: 3138522025298

Smart Quickbed™ Airbed

An airbed with an easy-to-access storage space hidden under the pillow, available in single or double size.

- Dimensions:
  L188 x W137 x H19cm (Double)
  L188 x W74 x H19cm (Single)
- Carry bag included
- Weight: 3.9kg (Double), 2kg (Single)

Ref: 200974 Double EAN: 3138522009748
Ref: 200973 Single EAN: 3138522009731

4d Quickpump™ Air pump

A battery powered pump for quick inflation when you're away from an external power supply – for example on a camping trip.

- Cordless pump
- Operates on 4 D/R20 batteries (not included)
- Runtime: 30 minutes (with new alkaline batteries)
- Airflow: 340 litres per minute
- Head pressure: 27 mbar
- Weight: 360g

Ref: 203144

EAN: 3138522031442

Dual action Hand pump

This clever design creates airflow on both the upward and downward pump movement – inflating and deflating a whole range of inflatable products, from beds to boats.

- Flexible hose included
- Also includes pinch valve adapter
- Weight: 1.05kg

Ref: 204473

EAN: 3138522044732

DUAL ACTION QUICKPUMP

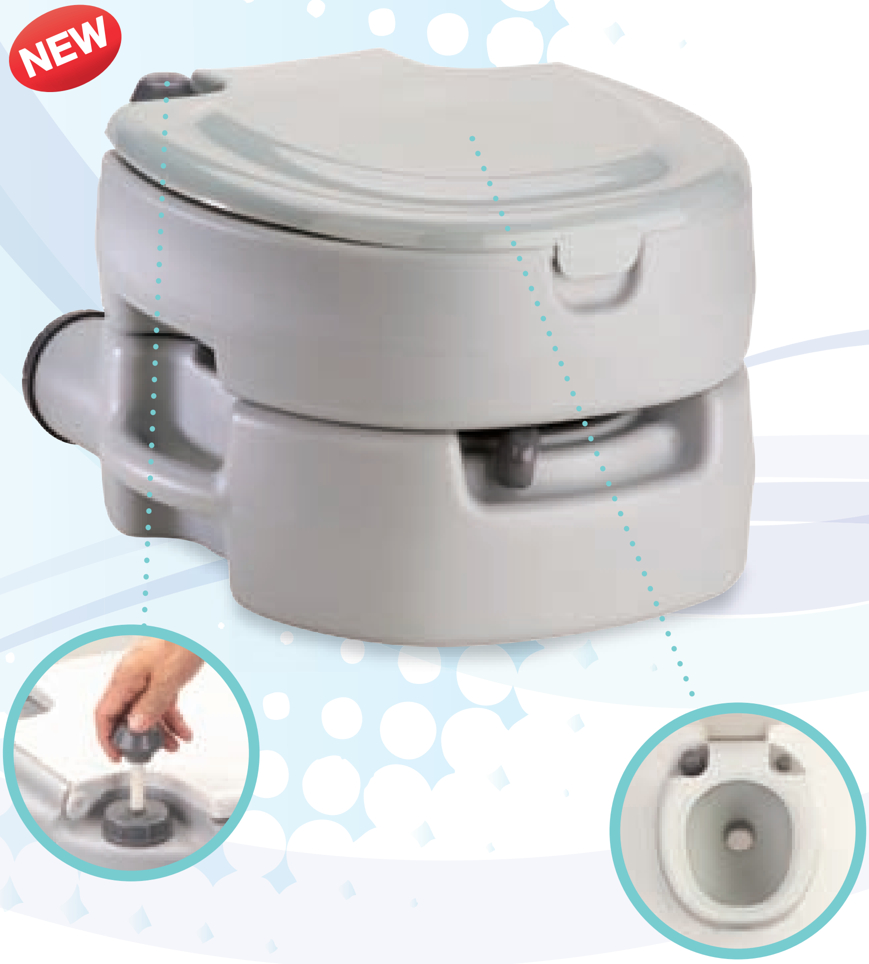
Chemical toilets

Here's an ideal solution if you're camping, travelling or spending time on a boat: chemical toilets are practical, lightweight and hygienic.

On the boat...

... on the road...

... at the campsite.



Portable Flush Toilet Large

Our most advanced toilet, with taller proportions and a sculpted seat for greater comfort, and convenient large tanks.

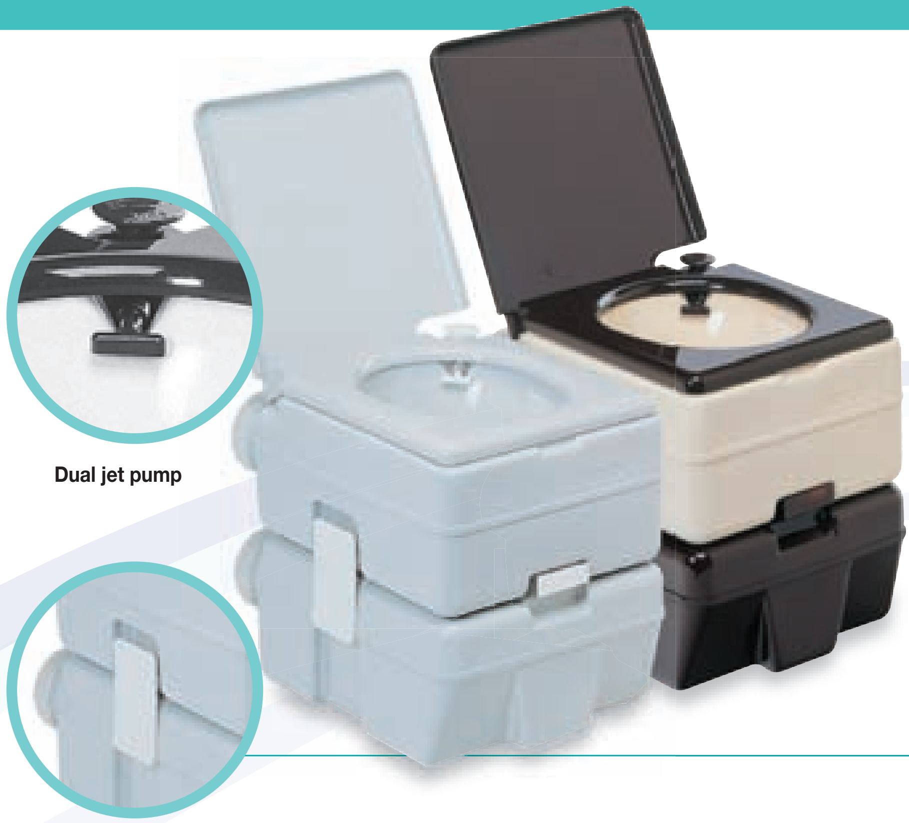
- Side handles for easy transport.
- Gardenhose hookup for easy cleaning.
- Grey colour for sterile aspect
- Fresh water tank capacity: 18L
- Waste water tank capacity: 20L
- Materials: polypropylene (no metal part)
- Dimensions: H41 x L50 x W45cm
- Weight: 5.3kg

Ref: 205239 (Large) EAN: 3138522052393

Portable Flush Toilet Small

- Side handles for easy transport.
- Gardenhose hookup for easy cleaning.
- Grey colour for sterile aspect
- Fresh water tank capacity: 11L
- Waste water tank capacity: 13L
- Materials: polypropylene (no metal part)
- Dimensions: H30 x L50 x W45cm
- Weight: 4.5kg

Ref: 205238 (Small) EAN: 3138522052386



Dual jet pump

Snap-together lock monobloc unit

Euro WC Platinum™

- Fresh water tank capacity: 13 L
- Waste water tank capacity: 20 L
- Materials: polypropylene, polyethylene and POM
- Large plugs for filling and emptying
- Integrated carry handles
- No metal parts

Ref: 32228 EAN: 4003030322285

Euro WC Maronum™

Same as the Euro WC Platinum but with a brown and beige design.

Ref: 32221 EAN: 4003030322216

Instablue®
Standard

Developed for use in the waste tank. It prevents odour build-up and decomposes faeces.

- Contents: Non ionic tensides, cationic tensides, colouring agents, odorous substance
- Free of aldehydes, carbolic acids and chlorine
- Child proof cap
- Measurement scale
- Capacity: 2.5L and 5L

Ref: 32652 2.5L – De, Cz, Pl, Si, Sk, Hu, Hr, Ru, Gr

ICE COLD straight from the cooler

With a thermoelectric cooler you can keep drinks blissfully cool...

Contents cooled

16°C

below ambient temperature

or hot up to

65°C

...to keep your supper as warm as toast.

Cold, hot, large, small, rigid, soft, electric, traditional, funky, plain... we've got them all.

All our coolers are built to last and offer high performance at great value. Whether you're camping or just out in the countryside for the day, keeping your food and drink chilled is a basic luxury, and with a wide selection available, you'll find something for all occasions.

Unique and innovative features in this section:

12 Vdc	Runs off car cigarette lighter
12 V 230 V 12V/230V	Runs off mains power
30	30 year guarantee
SBS®	Holds the cool box securely in place on a seat when you are travelling

Red hot beach – ice cold lolly

Traditional electric coolers

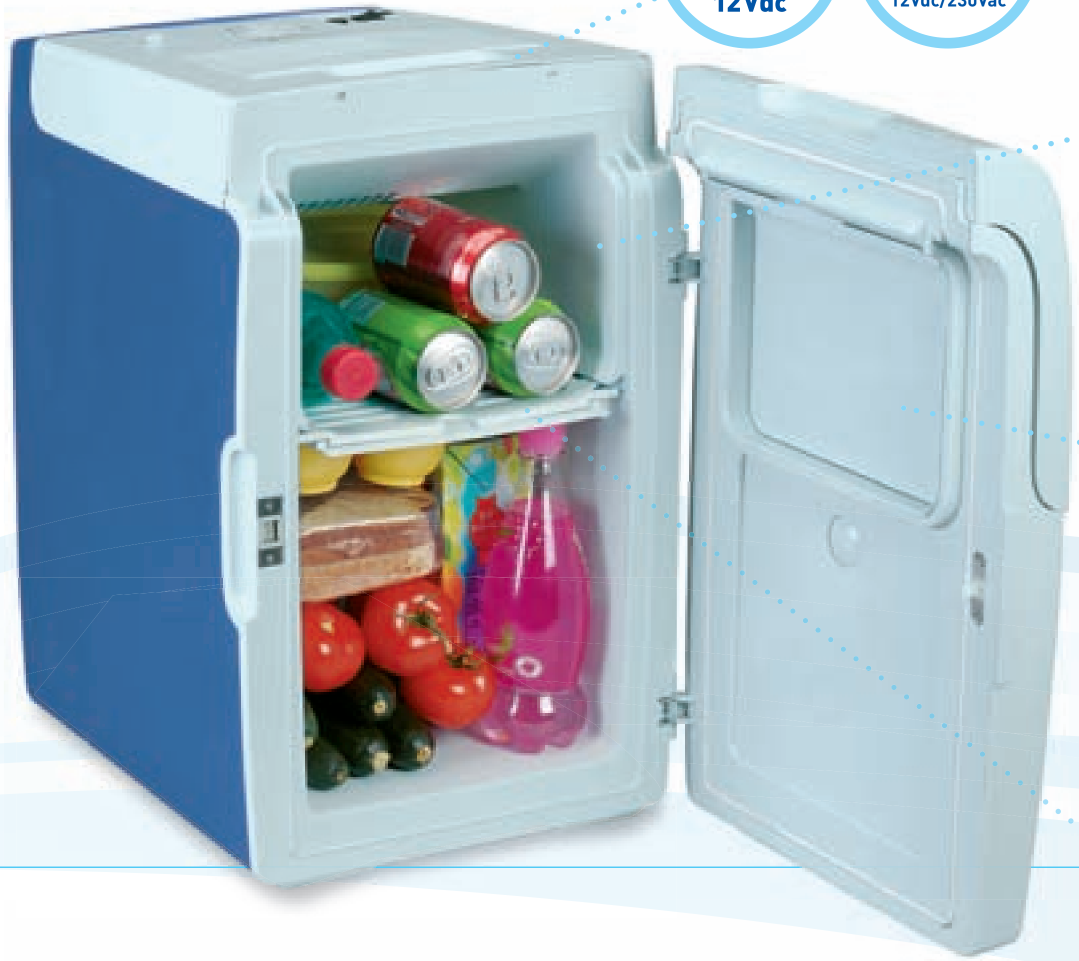
Coolers that plug into your car or into mains electricity via a transformer, keeping contents 16°C below the ambient temperature. They're also insulated so they stay cool for hours once unplugged.

Two glasses of chilled chablis please!

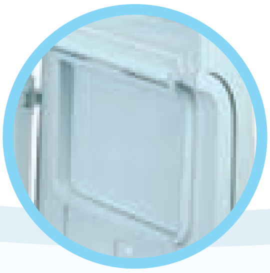
Operates off 12Vdc or 230Vac with 2 detachable plugs (integrated transformer)

12Vdc

12Vdc/230Vac



Holds: 6x 1.5L bottles upright



Hatch to the Hyper Cool compartment for rapid and intense cooling

Sliding separator acts as a shelf when cooler is upright

Powerbox® 30L Platinum (12Vdc/230Vac)

A cooler that operates when you're travelling and on site, with unique features such as the Hyper Cool compartment which offers rapid and intense cooling. You can also use the cooler upright with the sliding separator as a tray.

- Brushless motor, for a longer lifetime and quieter operation

Meeting demand Maintaining inspiration

At Campingaz® we have a simple aim.
To continue to develop smart, innovative, practical and affordable products that help families and friends make the most of the outdoors.

We'll be working harder than ever to put across the unique features and distinctiveness of our products, and to strengthen customer perceptions of the Campingaz® brand.

We'll also be concentrating on our customers, making sure that we understand what they want, so we can develop products that not only meet those needs, but go way beyond them.

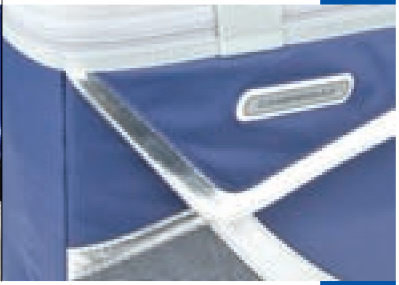
Our 2010 range continues our tradition of innovation, with new product introductions like the ingenious new ultra-portable Fargo™ Barbecue Grill, our C-Line™ range of barbecues featuring an improved version of the simple but radical Radiant Burner System, or our convenient and clever new Ultimate soft coolers, with 100% foldability for easy storage and removable inner liners.

2010 – the innovation continues

Improved Radiant Burner System for better control and fast BBQ cooking

Fargo,™ our ingenious folding barbecue with it's integrated handles for ultra-portability

The Ultimate soft cooler's striking contemporary design



The right tools for retail

You'll be seeing some improvements coming through in 2010, as we work to make sure we're consistent in our aims and our messages, and how we present the brand. We want to be as clear and open as possible about the purpose and benefits of our products, and any new developments we're working on.

Brand toolkit

We aim to give you even more support than before, so you have the tools to present, describe and display Campingaz products to maximum effect. So we're developing a new brand toolkit which contains a core set of visual brand elements as well as individual product messaging. These can be quickly and easily combined by our Sales Team into posters, comms cubes, totems, shelf-stoppers, PVC banners – whatever you need.

Our overall aim is transparency. The more you understand, the better you can communicate with customers. And the benefit to our customers is clear: they're given the information they need to make better informed decisions.

More attractive sales displays

We want our customers to be able to find the products they're after immediately – so we're creating clearer, more distinctive sales displays. Once more the aim is to make things more straightforward and minimise delays and confusion. A whole range of flexible communications solutions will be possible using the brand toolkit, which we can personalise for key retailers.

Powerful advertising and sales promotions

Our new brand toolkit will provide the creative basis for a consistent and powerful advertising approach.

Better packaging

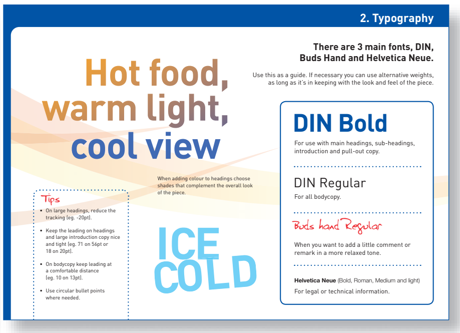
We're improving and enhancing our packaging designs so customers can make the right choices immediately, as well as understanding the ethos and spirit of the Campingaz® brand – with inspiring photography showing what the product is for, key features, and clear instructions.

A new extranet

You'll also benefit from our new trade extranet site, a central information resource which we're aiming to launch in 2010. It will provide the latest product information and lots of resources such as images and presentations, as well as product presentations, product specifications and instructions.

Overall, our aim is to present a consistent brand – that of a respected and innovative outdoors equipment supplier.

CAMPINGAZ
Toolkit 2010



2. Typography

Hot food, warm light, cool view

There are 3 main fonts, DIN, Buds Hand and Helvetica Neue.

Use this as a guide. If necessary you can use alternative weights, as long as it's in keeping with the look and feel of the piece.

When adding colour to headings choose shades that complement the overall look of the piece.

Tips
- On large headings, reduce the tracking (eg. -20pt).
- Keep the leading on headings and large introduction copy nice and tight (eg. 71 on 56pt or 18 on 20pt).
- On bodycopy keep leading at a comfortable distance (eg. 10 on 13pt).
- Use circular bullet points where needed.

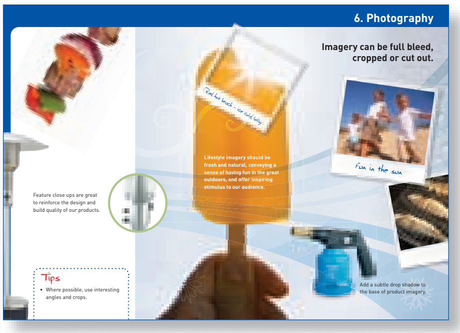
ICE COLD

DIN Bold
For use with main headings, sub-headings, introduction and pull-out copy.

DIN Regular
For all bodycopy.

Buds hand Regular
When you want to add a little comment or remark in a more relaxed tone.

Helvetica Neue (Bold, Roman, Medium and light)
For legal or technical information.



6. Photography

Imagery can be full bleed, cropped or cut out.

Red hot beach – ice cold lolly

Lifestyle imagery should be fresh and natural, conveying a sense of having fun in the great outdoors, and offer inspiring stimulus to our audience.

Fun in the sun

Feature close ups are great to reinforce the design and build quality of our products.

Tips
- Where possible, use interesting angles and crops.

Add a subtle drop shadow to the base of product imagery.

ISO 9001

Quality Management System Approved by LRQA

Over the years, Campingaz has demonstrated its commitment to customer satisfaction by focusing on the quality and safety of its products. Application des Gaz (Saint Genis Laval, France) and Camping Gaz Italia (Centenaro di Lonato, Italia) have both been awarded Iso 9001 certificates in recognition of their quality assurance programmes which are applied to every stage of product design, manufacturing, quality control, development and delivery.

The Quality Management System is applicable to design, inter-company purchasing or sourcing, industrialization, manufacturing, storage and distribution of gas appliances and other outdoor leisure and camping products, barbecue and accessories. LPG cartridges, gas cylinders, DIY appliances and accessories under the Campingaz brand name.
